

We need your help! Sarcoidosis is a potentially fatal inflammatory disease that can appear in any organ in the body. Each February, the Foundation for Sarcoidosis Research hosts a nationwide education and awareness campaign, Kick In to Stop Sarcoidosis® (K.I.S.S.) which reaches millions through education events, print articles, televised health reports and Public Service Announcements. **The week culminates with a gala themed fundraising event, to be held this year in Chicago on February 7th.** Funds raised through the K.I.S.S. Campaign support research and education initiatives throughout the year.
