

FOUNDATION FOR
SARCOIDOSIS RESEARCH

Double Your Donation with a Matching Gift!

Thousands of companies offer a matching gifts program for employees, retirees, and employees' spouses. Your company may double or even triple your gift to the Foundation for Sarcoidosis Research, at no additional cost to you. Think how much further your donation can go!

Companies have various methods by which you can submit your matching gift request—online forms, automated phone systems, or a paper form that you submit to us. **For questions regarding your company's program, please contact your employer's HR or community giving department.** Much of the necessary information is also available on your company intranet. The Foundation for Sarcoidosis Research is classified by the Internal Revenue Service as a 501(c)3 charitable organization, and donations to FSR are tax-deductible to the extent allowed by law. Check with your employer today!

To complete the requirements your company has in place for matching gifts, you may need the following information:

Employer Identification Number (EIN): 36-4378232

Organization Name: Foundation for Sarcoidosis Research

Mailing Address: 1820 West Webster Avenue, Suite 304, Chicago, IL 60614

E-mail Address: info@stopsarcoidosis.org

Phone: (312) 341-0500

Web Site: www.stopsarcoidosis.org

It often takes at least a month, and in some cases up to six months for a match to fully be processed and for FSR to receive the funds. **For this reason, we highly recommend you to start the process as soon as you have issued the original donation.**

If you have additional questions regarding submitting a matching gift request to us, please email info@stopsarcoidosis.org, or call 312-341-0500.

Thank you for taking the extra step to double your impact!
